

LEGENDA SIMBOLOGIA

PART."B" - TORRINO ESTRATTORE

The technical drawing illustrates the 'B' part of the Torino Extractor. It features a side elevation on the left, showing a vertical structure with a curved top and a series of horizontal lines indicating internal components or airflow. To the right of the side view is a top-down view of the roof structure, showing a central rectangular area with a cross-shaped pattern, surrounded by a border. The drawing is enclosed in a dashed rectangular frame.
